

Sale list

We specialise in Hungarian, East European and Indian rare singles and LPs, CDs and Memorablias. Want lists are welcome! Please name the band, singer or record you want to find!

Quality: The quality of the records is very good, in fact they fall between VG and MINT categories and the prices are to be understood for the records, CDs, etc. In our possession. We will clearly mark those items where the quality is less than VG.

We keep updating the list of the sound-recordings.

Important: Always write frist before you send any money!
